Connie Shurtz was able to attend the Division Meeting and gave a recap. Calendar was a big topic. School start date depends on what day Labour Day

falls on. If it falls between 1st-4th School will start after, and if it falls later than the 5th School will start before.

Parent survey results were also discussed. The results were maintained from previous years, and the number of filled out surveys remains low.

School Emergency Response plan is available on the Division website.

Next Meeting is Scheduled on February 16th 8:00PM.
