

Meeting Minutes

March 21 2024

1. Principals Report- Possible Engagement Night Presenter from the Division Council Meeting. Debbie Pusher spoke briefly on the difference between Parental Engagement vs Volunteering and the differences in that between Elementary, Jr. High and High School. We will have to look into the cost.
2. Review of the Dance- The School had a good turnout with almost 200 kids there. The Student Council did a really good job with decorating. Parents of the kids on council were a bit frustrated as they felt like more mentoring should have happened. It seemed like Parents bore the majority of the burden. It was brought up that the parents there would have liked to see more chaperones. Some of the decorations were vandalized during the dance. There will be a Division Grade 9 Dance near the end of the year.
3. The last day for Students is June 20th. The mud run will also be held that day. There will be an awards ceremony held during the day but the exact day isn't known yet. The new Calendar is approved and can be found on the Division Website. It is quite similar to this year.

4. Financial Report-

Sept. 2023 Balance- \$169.21
